Indiepop-Band Nivis to release new EP in March 2023

Indiepop band Nivis releases new Single „Rain on a Funeral March“ (focus date 3-3-23) from upcoming EP „Into the Void“ (date of release 3-17-23) .

About “Into the Void”

The new EP “Into the Void“ (date of release 3-17-23) consists of five tracks which deal with daily shit but descend into the black abyss of Fjolla’s and Johannes’ darkest und most truthful feelings.

“Show me your ugly face“ is the first line of the single “Rain on a Funeral March“.

The tracks oscillate between pure despair and a gleam of hope. So the aftertaste won’t stick too bitter on the listener’s tongue. This is fresh and handmade indiepop, on which you’ve been waiting for a long time.
